

Taylor Brooks

Product design

Calgary, Alberta · taylor.brooks@example.com

Profile

Student interested in product design and collaborative software projects. Enjoys turning a small, clearly defined problem into a working prototype, reviewing feedback, and documenting decisions for the next contributor.

Education

Alberta University of the Arts Expected 2027
Bachelor of Design
Coursework and independent study: programming fundamentals, applied problem solving, technical communication, and collaborative project work.

Technical skills

Figma, prototyping, user interviews, HTML, CSS.

Experience

Product Design Intern May–August 2025
Paper Kite Design — fictional organization

- Mapped a volunteer registration flow and tested prototypes with peers.
- Documented spacing, typography, and component interaction guidelines.
- Shared progress in weekly demos and kept setup notes current for teammates.

Selected projects

Open Campus 2026

- Designed an accessible campus map with step-free route filters.
- Iterated on navigation after five moderated usability sessions.

Quiet Queue 2025

- Prototyped a library room booking flow with clear cancellation feedback.
- Documented the setup process, known limitations, and ideas for future work.

Community

Participates in student coding meetups, peer project reviews, and beginner workshops. Interested in hackathon teams that value clear communication and practical scope.
