

Jamie Rivera

Game development

Calgary, Alberta · jamie.rivera@example.com

Profile

Student interested in game development and collaborative software projects. Enjoys turning a small, clearly defined problem into a working prototype, reviewing feedback, and documenting decisions for the next contributor.

Education

University of Lethbridge Expected 2028

BSc Computer Science

Coursework and independent study: programming fundamentals, applied problem solving, technical communication, and collaborative project work.

Technical skills

C#, Unity, Blender, Git, game physics.

Experience

Gameplay Programmer May–August 2025

Prairie Arcade Collective — fictional organization

- Implemented checkpoint saves and adjustable keyboard controls.
- Collaborated with artists to profile and improve scene loading.
- Shared progress in weekly demos and kept setup notes current for teammates.

Selected projects

Signal Lost 2026

- Built a cooperative puzzle game for a weekend student game jam.
- Created reusable interaction components and a short tutorial level.

Orbit Garden 2025

- Developed a small physics sandbox with procedural level variations.
- Documented the setup process, known limitations, and ideas for future work.

Community

Participates in student coding meetups, peer project reviews, and beginner workshops. Interested in hackathon teams that value clear communication and practical scope.
