Profile

Student interested in developer tools and collaborative software projects. Enjoys turning a small, clearly defined problem into a working prototype, reviewing feedback, and documenting decisions for the next contributor.

Education

MacEwan University Expected 2028
BSc Computer Science
Coursework and independent study: programming fundamentals, applied problem solving, technical communication, and collaborative project work.

Technical skills

Go, TypeScript, Bash, Git, Linux.

Experience

Developer Experience Intern May–August 2025
Spruce Toolsmiths — fictional organization

- Improved local setup documentation and command-line error messages.
- Added configuration checks that explain missing settings before startup.
- Shared progress in weekly demos and kept setup notes current for teammates.

Selected projects

Repo Ready 2026

- Built a CLI that checks project prerequisites and prints actionable fixes.
- Added tests for missing files, unsupported versions, and invalid config.

Diff Digest 2025

- Created a local tool that summarizes changed files by package.
- Documented the setup process, known limitations, and ideas for future work.

Community

Participates in student coding meetups, peer project reviews, and beginner workshops. Interested in hackathon teams that value clear communication and practical scope.
