

Finley Zhao

Systems programming

Calgary, Alberta · finley.zhao@example.com

Profile

Student interested in systems programming and collaborative software projects. Enjoys turning a small, clearly defined problem into a working prototype, reviewing feedback, and documenting decisions for the next contributor.

Education

University of Alberta Expected 2027
BSc Computing Science
Coursework and independent study: programming fundamentals, applied problem solving, technical communication, and collaborative project work.

Technical skills

Rust, C, Linux, networking, Git.

Experience

Systems Developer Intern May–August 2025
Granite Systems Studio — fictional organization

- Implemented structured error handling in a local file-processing tool.
- Benchmarked parsing performance with representative test fixtures.
- Shared progress in weekly demos and kept setup notes current for teammates.

Selected projects

Tiny Index 2026
• Built a command-line search index for local text documents.
• Used bounded queues and measured memory use on large inputs.

Packet Sketch 2025
• Created a local network protocol visualizer using synthetic packet data.
• Documented the setup process, known limitations, and ideas for future work.

Community

Participates in student coding meetups, peer project reviews, and beginner workshops. Interested in hackathon teams that value clear communication and practical scope.
