

# Harper Lewis

Civic technology

Calgary, Alberta · harper.lewis@example.com

## Profile

---

Student interested in civic technology and collaborative software projects. Enjoys turning a small, clearly defined problem into a working prototype, reviewing feedback, and documenting decisions for the next contributor.

## Education

---

**Mount Royal University** Expected 2026  
BSc Computer Information Systems  
Coursework and independent study: programming fundamentals, applied problem solving, technical communication, and collaborative project work.

## Technical skills

---

JavaScript, Python, PostgreSQL, QGIS, HTML.

## Experience

---

**Web Development Volunteer** May–August 2025  
*Neighbourhood Digital Lab — fictional organization*

- Built a resource directory for a fictional community support service.
- Worked with peers to simplify navigation and update instructions.
- Shared progress in weekly demos and kept setup notes current for teammates.

## Selected projects

---

**Community Calendar** 2026

- Created an event board with moderation and recurring event support.
- Added location filters and clear empty states for sparse search results.

**Route Reach** 2025

- Mapped sample transit routes against community service locations.
- Documented the setup process, known limitations, and ideas for future work.

## Community

---

Participates in student coding meetups, peer project reviews, and beginner workshops. Interested in hackathon teams that value clear communication and practical scope.
