

Rowan Ali

Technical project coordination

Calgary, Alberta · rowan.ali@example.com

Profile

Student interested in technical project coordination and collaborative software projects. Enjoys turning a small, clearly defined problem into a working prototype, reviewing feedback, and documenting decisions for the next contributor.

Education

University of Lethbridge

Expected 2028

BSc Computer Science

Coursework and independent study: programming fundamentals, applied problem solving, technical communication, and collaborative project work.

Technical skills

Python, SQL, GitHub Projects, documentation, Scrum.

Experience

Project Assistant

May–August 2025

Willow Software Collective — fictional organization

- Maintained a small release checklist and coordinated student demos.
- Translated user feedback into scoped issues with acceptance criteria.
- Shared progress in weekly demos and kept setup notes current for teammates.

Selected projects

Sprint Space

2026

- Built a lightweight task board with ownership and activity history.
- Designed a simple workflow for reviewing and reopening completed tasks.

Demo Kit

2025

- Created reusable setup guides and sample datasets for student showcases.
- Documented the setup process, known limitations, and ideas for future work.

Community

Participates in student coding meetups, peer project reviews, and beginner workshops. Interested in hackathon teams that value clear communication and practical scope.
